

Shivayogeppa Chanagond

Bangalore, karnataka

7760302965 | shivuchanagond25@gmail.com

-
- As a dedicated and ambitious engineering student, I am committed to developing a strong foundation in engineering principles and practical skills. With a passion for innovation and problem-solving, I seek opportunities to apply my knowledge and contribute to projects that include technological advancements and real-world impact

Education

- Bangalore institute of technology** 2027
Bachelor of engineering
7.8
- Expert pre university college mangalore** 2023
PUC
94.5%

Skills

- Programming language: PYTHON ,C,java(basics),UNIX system,MySQL
- Version control and other tool:Git
- Soft Skills: Problem Solving, Time management, Presentation skills

Projects

- Sign Language recognition using ai**
Developed an AI-based system for real-time sign language recognition using computer vision and deep learning (CNN) techniques.

Enhanced accessibility by enabling accurate hand gesture detection and translation to improve human-computer interaction.
- RFID door lock system (IOT)**
Designed and developed an IoT-based RFID door lock for secure access control.

Integrated RFID reader with microcontroller to authenticate users.

Implemented real-time locking mechanism with enhanced safety features.

Couses

- 1.oracle cloud infrastructure AI foundations
- 2.Programming language fundamentals using python (INFOSYS)
- 3.Programming language fundamentals using java(INFOSYS)
